## A rare 'super bloom' of Death Valley wildflowers

Images, hike descriptions, and information about the Great Basin, Rocky Mountains, Sierra Nevadas, Idaho, and other areas outside Death Valley NP are posted here. It is covered with stubby hairs, has linear half inch long leaves, and flower heads composed of numerous yellow disk flowers and 12-20 white ray flowers.

## Southwest Wildflower Seeds

It only resides in the 93 degree waters of , where water temperatures and oxygen concentrations are lethal to most other fish. Mornings, on the other hand, are gorgeous, comfortable and relatively quiet.

## A Rare Wildflower That Only Blooms in Death Valley Was Saved From Extinction

Avoid direct sunlight and wear lightweight, loose fitting clothes, or wet bandanas on your shoulders or around your head. By blooming enmasse during good years, wildflowers can attract large numbers of pollinators such as butterflies, moths, bees and hummingbirds that might not otherwise visit Death Valley. In some years, there is no rain at all.

## Death Valley bursts to life with spring wildflowers

The water that does wash down the mineral-rich mountainsides carries salt deposits that have formed the great salt flats dominating the valley floor.

## Death Valley National Park Wildflowers

It is a short perennial with sticky, wavy edged leaves and grows at upper elevations. It flowers in the spring from April until June, with blue-violet flowers in branched clusters. Look here for ideas about what plants to select and how to care for them.

## Southwest Wildflower Seeds

NPS photo Eureka Dunes Evening Primrose *Oenothera californica* ssp. Only under perfect conditions does the desert fill with a sea of gold, purple, pink or white flowers. Right up against the western edge of the park is the privately run Panamint Springs Resort deathvalley.

### **Death Valley reborn after heavy rains / Wildflowers transfix tourists; plant**

One of our travel buddies had been before and knew all the best photo spots.

### **Death Valley reborn after heavy rains / Wildflowers transfix tourists; plant**

You can see a galaxy far, far away in the park. Desert gold and sand verbena bloom on the valley floor. Over 110 choices for fast color, such as poppies, cosmos, sunflowers, zinnia, and many more.
