### Statutory Construction

To discover a statute's original intent, courts first look to the words of the statute and apply their usual and ordinary meanings. When a word or expression is not defined in the Act itself, it is permissible to refer to dictionaries to find out the general sense in which that word is understood in common parlance. The first and most important rule is the rule dealing with the statute's plain language.

### Rules of Interpretation of Statute

Each notification is given notification no and are binding. This was challenged to be invalid on this particular ground.

### INTERPRETATION OF STATUTES.

The person concerned segregated the entire factory into four separate units wherein the number of employees had fallen below 50, and he argued that the provisions were not applicable to him because the number is more than 50 in each unit.
