Saying YA RASOOLALLAH Allowed or Not?

Besides working in Syria and Sweden, Shaykh Muhammad participated in conferences, delivered lectures, and gave Friday speeches in the Middle East, Europe, Canada, and the United States. In 1991, Shaykh Muhammad joined the PhD program of linguistics at Gothenburg University in Sweden, Department of Oriental Studies, where he also worked as a researcher and a teacher of classical Arabic literature for a few years until 1996. Throughout the years of his study, Shaykh Muhammad went through spiritual training in the Sufi path under his father, who was a great Waliy and Murshid known for his righteousness and asceticism.

Biography of Shaykh Muḥammad al Yaqubi al Hassani

As a little boy, he crawled in the Grand Omayyad Mosque and the Darwishiyya Mosque, where his father was an instructor for 40 years, and sat in the laps of some of the greatest scholars. He also memorized considerable parts of al-Mufaddaliyyaat and al-Hamaasah of Abi Tammaam تركي، عبد الرحمن بن عبد الله.

Shaykh Muḥammad al

To Allah all favor, grace, and praise are due. He comes from a family of Islamic scholars who have taught the Islamic sciences for centuries.
