Colour Literacy

Page last modified: April 23, 2021. Links to affordable, easily accessible resources for hands-on exercises and experiments will be provided.

Colour Literacy

Focus on the interconnection of LIGHT, MATERIAL, VISION and PERCEPTION.

Colour Literacy

Fluency with the language of colour sharpens our visual intelligence, expands our perceptions, and enhances our ability to communicate. . We are grateful for the time and resources spent to keep the web information current and useful.

Colour Literacy

Other national organizations with an interest in color are of the Council and appoint delegations to participate in the Council's work. MISSION
The long-term mission of the Colour Literacy Project is to raise the level of common knowledge about colour in order to facilitate colour communication across disciplines and increase awareness of the important role colour plays in our everyday lives. You are currently viewing the ARCHIVE of the ISCC web site.
