Thus, in the following section, we will only use SIA for our computational purpose, since the coding of its computer programs is somewhat simpler. Within this work, pertinent solutions of linear and nonlinear boundary problems are stated.

We focus on the classical, so-called indirect method see, e. Easily read eBooks on smart phones, computers, or any eBook readers, including Kindle. They do not apply to solutions of partial differential equations of the first order and they are incapable of solving nonlinear boundary value problems.
