## U.S. Army Engineer School [WorldCat Identities]

The Lake Survey published its first charts in 1852. Engineers constructed airfields for heavy bombers, launch facilities for intercontinental ballistic missiles, and radar installations to increase communication.

## A History of the U. S. Topographical Engineers, 1813

Plans and Studies: Washington and Vicinity, National Capital Parks and Planning Commission Supplemental Technical Data, 1928. While Greely and his men struggled to complete the WAMCATS project, Richardson, on his third tour of duty in Alaska, headed the Alaska Road Commission, building garrisons and trails in south-central Alaska.

## U.S. Army in Vietnam

Cosmas MACV describes the evolution of the command during the period of gradual expansion of the American effort in South Vietnam. This book contains excerpts drawn from the oral history interviews of twenty-six engineer officers and includes a wealth of images and maps.

## History of the U.S. Army Transportation Corps

London: David and Charles, 1975, 198-200. Engineer Battalion settled into its winter camp at Brandy Station, Virginia. In 2007, SDDC became responsible for end-to-end deployments and created deployment and distribution support teams in Bagram, Afghanistan, and Camp Anaconda in Balad, Iraq.

## Company A, U.S. Engineer Battalion, June 1864: "...one of the most brilliant scenes of the war."

This pamphlet is one of a series on the history of navigation done as part of the National Waterways Study, authorized by Congress in Public Law 94-587. This small dedicated group of officers contributed to the development of many aspects of the national transportation network--railroads, highways, and inland waterways.

## **USARAK History**

Benyaard, commander of Company A, also served as battalion adjutant. Farmers headed the list with thirty-two, followed by fourteen laborers.

## **U.S. Army in Vietnam**

Military Communications: A Test for Technology John D. The chief of staff exercised a general supervision over the several staff departments, and at his commander's discretion also assisted in the direction of line operations; the adjutant general headed a department responsible primarily for the issue of orders; and the inspector general through his department maintained discipline and efficiency. Later, President Reagan appointed him as ambassador for the Strategic Arms Limitation Talks START and special advisor to the president and secretary of state for arms control matters.

## **The Civil War Defenses of Washington: Historic Resource Study (Bibliography)**

Washington, DC: The Government Printing Office, 1870. Guide to Resources for Researching Historic Buildings in Washington, D.
