This article outlines the public international law of the sea, focusing mainly on UNCLOS. The law of the sea is commonly associated with an international treaty, the Convention on the Law of the Sea UNCLOS, negotiated under the auspices of the United Nations, which was signed in 1982 by 117 States and entered into force in 1994. Such instruments are often carefully negotiated and, at times, drafted with the intention to influence state practice.

## International Law Encyclopedia

Consequently, the elaboration of international law has focused on the establishment of consensual rules concerning the status of states and their fundamental rights and obligations as well as commitments. For example, the Vienna Convention is accepted as declaratory of customary international law and binding for all states, including those that have not formally ratified it.
