The Internationalization Process of Singapore Government

The government made two strategic decisions - both sharply at odds with the conventional economic wisdom of the time. They completely revamped the curriculum and workforce certification system; developed courses in new industries; and consolidated existing technical campuses into three mega campuses with a sophisticated technology base and close ties to international corporations.

Ravi Menon: An economic history of Singapore

These mutually beneficial partnerships are created to advance the missions of both organizations. Construction of mass housing regulated labour supply and generated a substantial amount of new jobs, especially for women whose participation rates increased from 29.

Linkages and Economic Development

As Forrest, Lee, and Wah : p.

Singapore Overview

Anyone caught conducting narcotic trade or intensive corruption would be met with the death penalty.

Ravi Menon: An economic history of Singapore

Expansion of home-ownership has been a core element of housing policy, mainly because it promotes economic growth and encourages savings and investment Hayakawa, ; Hirayama,. Discussion about housing and economic growth has been filled with disagreement about the direction of causality: does housing cause economic growth or is an improvement in housing an outcome of growth? Specialization is a powerful source of productivity gains, but how production networks at the industry level are related to aggregate productivity in the data is an open question.

Office of Research & Economic Development

The case for regional planning and urban dispersal. By 2040, the global centre of economic gravity had shifted decisively to Asia. Political resources and markets in international business: Beyond Porter's generic strategies.

Singapore: Innovation in Technical Education

The Malay politicians in Kuala Lumpur feared their heritage and political ideologies were being threatened by the growing Chinese population throughout the island and peninsula.
