So, this is the Scandinavian conundrum—one that also affects broader Western society and the remainder of the world, soon enough. Swann 2003: 640 considers future directions for language, gender and education research within the current political climate.

Recognizing (Almost) Invisible Gender Bias in Technology Use and Teacher

הטענה המרכזית בספר היא שבחברה פטריארכלית, גברים שולטים בשפה באופן שפועל לטובתם. The focus throughout is on the years of compulsory schooling, examining key concepts in gender and education identified and developed by international thinkers in educational feminism. A feminist perspective informed the analysis.
