### Effects of student participation in school health promotion: a systematic review

The study began with an interest in pastoral care. The outlines what schools must cover — but not everything that school should cover — in PSHE education from that point.

### Personal, Social, Health and Citizenship Education in Catholic Secondary Schools: Stakeholders' Views

It was anticipated that in Catholic secondary schools there would be a divergence of views about what Personal, Social, Health and Citizenship Education should achieve. Weick in Bush et al.

### U.S. Catholic Institutions: Are They Living Up to Their History and Promise as Immigrant Integration Agencies?

This can be achieved by integrating social and emotional skills development within all areas of the curriculum. So when starting a project, the project manager must have a clear idea what the result of the project will be, for who, and why the results are important. The variation between countries outside Europe is also large.

### Schools (Health Promotion and Nutrition) Scotland Act: Health promotion guidance for local authorities and schools

On average, immigrants are poorer, younger, less educated, employed in more dangerous occupations and uninsured at higher rates than people born in the U.
