However, Kaido does not wish to kill Big Mom in an underhanded manner but wants to beat her in equal combat, as when she was captured and brought to Onigashima, he ordered his subordinates to release her from her chains before he fought her. True enough, Mirai stood in the path of the Hollow Shadow and prepares to fight alone, only to be interrupted by a friend-turned-enemy named , the younger sister of who was killed by the Hollow Shadow several years ago. They share a strong bond otherwise, with Hiroomi acting as a mature protector when he needs to, and Mitsuki showing him gratitude in return.
