Freud: Political and Social Thought.

The Test of Science -- Ch.

Political Freud

Indispensable for historians of 20th-century thought and politics. His thinking has impinged, for good or ill, on how we think about character and the nature of human impulses. The E-mail message field is required.

FREUD: POLITICAL AND SOCIAL THOUGHT

Abstract This is an excellent book for many reasons. Written more than twenty years ago, the central interpretive theses found in Freud: Political and Social Thought still ring true.

Freud: Political and Social Thought.

Their sexual interests, and sexual knowledge, were understood to be naturally limited; however, in the case of exceptions, this interest and knowledge were carefully regulated. In the case of human beings, this suggests that the biological structures found in primitive humans, living thousands of years ago, are still operative in contemporary human beings. Young women were expected to be chaste before marriage; and the private sexual experimentation of children and adolescents—for example, masturbation—were assiduously suppressed.

Freud: political and social thought. (1968 edition)

This division had philosophical precedents in the nineteenth century. Roazen is no advocate for psychoanalysis, but believes that analysts have as much to learn from social science as the other way around.

Freud, political and social thought (1999 edition)

Signs of wear on the cover. Chapter V discusses some of the more normative aspects of Freud's notions, such as cultural reform, the problem of

psychological health, and freedom as a moral value.

Historical Context for the Writings of Sigmund Freud

This volume is proof that at its best political theory has to be inherently interdisciplinary. A Hero in History -- Ch. Paul Roazen shows that studying Freud's social thought can help us arrive at a deeper understanding of Freud's mind and character, and hence of his psychology and its limitations.

Freud, political and social thought (Book, 1986) [vip.stumagz.com]

As such, this volume will be of interest to intellectual historians, psychoanalysts, and political theorists. The index is brief but adequate.
