### Advance care planning

Type: Policy Topic: Recovery FEA: FP-104-009-4 Issued: September 30, 2016 Posted: February 27, 2020 The IHPUG compiles FEMA policy for each type of assistance under the Individuals and Households Program IHP into one comprehensive document and is intended to serve as a singular policy resource for state, local, territorial, and tribal governments, and other entities who assist disaster survivors with post-disaster recovery. They can include any information the person considers important to their health and care. Type: Fact Sheet Topic: Response Issued: April 18, 2020 Posted: June 29, 2020 This letter from Jeffrey Dorko, Deputy Associate Administrator Acting of the Office of Response and Recovery, to medical supply distributors details their partnership to facilitate rapid distribution of critical resources in short supply to locations with the greatest need.

### FEMA Guidance Documents

Several procedures related to the dissemination of information are required or strongly recommended to ensure consistent products are disseminated and in a timely and efficient manner.

### COVID

Type: Doctrine Topic: Preparedness Issued: September 1, 2011 Posted: February 27, 2020 This Keystone describes how the response doctrine, articulated in the National Response Framework NRF , and recovery doctrine are implemented in the context of FEMA incident management and support operations.

### COVID

### Measuring and Improving Quality in Home and Community

Clear communication is particularly important in three places in your public health assessment document: the Summary, Conclusions, and Recommendations. In addition to low and medium levels of participation, the community might: 6 Indicate that they would like more direct

participation. Support might include: communication aids, advocacy, interpreters, specialist speech and language therapy support, or involving family members or friends.

### **Measuring and Improving Quality in Home and Community**

It should be entirely their decision.

### **FEMA Guidance Documents**

Takes lead on site team in developing and implementing community involvement activities; manages and coordinates community involvement activities with site team, the community, other groups and agencies; conducts community meetings; works with media; and develops culturally-specific materials, such as fact sheets. In addition to low level include: 7 Community involvement activities conducted to involve community members and their participation. Additional suggestions for effective communication and considerations when interacting with the site community may be found in.

### **Measuring and Improving Quality in Home and Community**

§§5165a and 5172 and 44 Code of Federal Regulations CFR §206, subpart M.
