However, if the school placed the child in a private school rather than provide services in its own elementary schools, then it would be required to provide FAPE. The decision was guided by the five factor : Standard Two-Part Test : 1. Thus, our inquiry must extend beyond the educational benefits that the child may receive in regular education.

Specific directions accompany each assessment and should be closely followed. The district appeared to argue that since the child was in a private school that did provide FAPE they should not have to provide additional compensatory education. Example — Information provided for test administrator regarding articulation milestones.

Textbook and eTextbook are published under ISBN 0760902208 and 9780760902202. OSEP agrees that it is primarily a Part B LEA responsibility to attend the transition conference and provide information to parents of children potentially eligible for services under Part B; however, the absence of Part B staff at a transition conference does not negate the responsibility of the Part C lead agency under IDEA sections 635 a 6 and 637 a 9 to ensure that parents have the information they need to support a smooth transition for their children with disabilities from Part C to Part B services. The letters generally run several pages; reliance for guidance should be based on the letters links provided , not the summaries.
