Middle East and North Africa

Even where research is conducted on a regional basis, discussion of the impact of conflict is brought back to the national level.

Many girls in Africa and the Middle East are under pressure to leave school

HBS continues its efforts to build a deep understanding of and expertise in global business practice and innovation around the world, including throughout the Middle East and North Africa MENA region. However, in Tripoli, a sustainable division of power among rival forces representing elements from across the country remains elusive. Our analysis highlights how each sub-economy creates distinct location-based patterns of resource production, mobilization and allocation to sustain competitive and embedded violence.

War stops 13 million going to school in Middle East, North Africa: U.N.

UNICEF's research shows children are increasingly becoming combatants from a younger age, Salama said, while students and teachers have been killed, kidnapped and arrested.

Over 13 million children from the Middle East and North Africa are being prevented from going to school, says Unicef education report

As students do this, point out anomalies.

9780313342950

Arts candidates for the U. More than 3,500 schools — about a quarter of the total — have been shut down and 600,000 children have not been able to sit their exams. In contrast, we see a broader political economy of war at work in the region.

Middle East and North Africa MENA Scholarship Programme (MSP) 2020 for Students to Study in The Netherlands

However, in some cases, it will not be possible to participate in aid programming without legitimizing and strengthening conflict actors.

Epilepsy and school in the Middle East and North Africa (MENA) region: The current situation, challenges, and solutions

This report expands this discourse by incorporating approaches adopted from the literature on the political economy of war to examine the conflict economies of Iraq, Libya, Syria and Yemen. We ranked the countries in terms of their educational system. On October 7th-8th, 2020, Harvard broadcasted , which featured 24 consecutive hours of around-the-clock and around-the-world events and activities.
