## Starting Our Careers: A Collection of Essays and Advice on Professional Development from the Young Mathematicians' Network

Fear not; a mathematics degree can open the door to a wide range of exciting careers, not just in the well-known areas of finance, banking and teaching. Top Tip: of the IMA only costs £10 per year, and will look really good on job applications. Science leadership training was organized for early-career researchers by the Global Young Academy in 2019.

## Career Help

What about a career that uses the area of mathematics that you took during your degree that you enjoyed or were good at? Featuring career experts from the Northeastern community, live webinars offer you essential knowledge and tools to help you accelerate your career.

## Starting Our Careers: A Collection of Essays and Advice on Professional Development from the Young Mathematicians' Network

In April 2021, the Young Academy of Europe teamed up with other Young Academies and the open-access initiative cOAlition S for a webinar to discuss the Rights Retention Strategy, which aims to offer researchers the freedom to submit manuscripts to a journal of their choice while remaining fully compliant with Plan S.

## Franklin & Marshall

There are however some employers who will teach you programming once you start.

## Professional Development Overview

This usually coincides with the first decade s of their career, when their positions are often precarious and they are just starting to achieve

professional recognition and success. I received my PhD from Brown University, writing my dissertation in the area of non-linear partial differential equations.

## **Career Help**

The IMA is the only organisation to award the Chartered Mathematician CMath designation. Some More Advice — Where do I begin my job hunt? How do I do anything meaningful if all I can get is a series of one-year jobs? This spawned a movement that now straddles 45 countries, from Albania to Zimbabwe, including 14 in Africa and 13 in Asia. In September 2020, the Young Academy of Europe organized a European Research Council Starting Grant mentoring event involving almost 500 participants across European countries, with a follow-up one-to-one mentoring programme.

## **Career Help**

Doing so will certainly also require regular exchange with leaders of governmental organizations, funding agencies, research institutes and universities. There are chapters on applying for positions, working in industry and in academia, starting and publishing research, writing grant proposals, applying for tenure, and becoming involved in the academic community.
