Sanskrit has, in addition, a grammar, that of Pāṇini 4 th century BCE , which is both much more advanced, more detailed and more ancient than the old grammars available for other classical languages such as Greek Dionysius Thrax, second century BCE , Latin Varro, 1 st century BCE; Priscianus of Caesarea, 6 th century CE , Arabic Sibawayhi, 8 th century CE and Hebrew Ibn Ġanāḥ, 11 th CE. The became an important structure for the understanding of speech organization.
