Safe and secure handling of medicines

Both Jones 1985 and Fineberg et al 1988 found that shortage of staff and the reduction of trained, regular staff increased the incidence of violence.

Safe and secure handling of medicines

. Maintenance on personal and other alarm systems must take place monthly. Identify those work positions in which staff is at risk of assaultive behavior.

State of Oregon: State Archives

Detention and punishment extended to expression on the internet and social media, including the browsing, downloading, and transmitting of banned content. The department oversees civil and criminal divisions, as well as those that are charged with consumer protection, investigations and oversight of state gambling activities.

Minnesota Secretary Of State

Some security raids, arbitrary detentions, and judicial punishments appeared to target groups or individuals peacefully seeking to express their political or religious views.
