## 6 Teaching and Assessing for Transfer

An ethnographic case study was used to gather information about how 20 teachers within a school worked through change initiatives and collaborative practices. They presented challenges such as excessive absenteeism, abuse of alcohol, undermining of authority, contestation of power, backbiting, laziness and a negative attitude towards authority. An exploratory factor analysis of the Sheltered Instruction Observation Protocol as an evaluation tool to measure teaching effectiveness.

### Examining research into the use of data walls for teaching and learning: How are they being implemented within data use cycles?

The paper sheds light on student characteristics that were associated with longer or shorter times to reclassification as former ELs.

## Chapter 30 Publicly provided education

Differentiated Systems of Support for Rural Agencies CoP Subject Matter Expert Resources Supporting Effective Professional Development  
Supporting Effective Professional Development: This report identifies characteristics of effective professional development that supplemented the

presentation from state CoP members about how to provide professional development in innovative ways to rural educators. However, agreement between raters within the same setting, or agreement within the same rater across setting, is much lower, suggesting that many behaviors are situation specific, and there are strong rater effects for scaling i. This is because the public sector has greater union coverage, and unions typically work against the introduction of region-specific pay scales, which they see as unfairly disadvantaging workers in low pay areas.
