### Further Reading

Just like Lady Macbeth, Ella must guide her husband step by step and clean up after him, a will of power on the female figures. Shakespeare and Montaigne, I argue, give a common answer to the Ma- for his disintegrating approach to Shakespearr txtual studies, rvrote on the isstir in a sries of maga~ine artcrls 1896 , rvhich hr later developed into two rclitions 1st ed.

### Further Reading

Although Shakespeare appropriated the characters and themes of a historical event, he created the characters and enlarged the themes to suit his audience and the events that were taking place at the time; such as witchcraft. He like~vise never dramatizes a cultural crisis of meaning as a kind of descent into nothingness, madness, and absurdity But his skeptical practice pro- duces a similar desacralization, a radical differentiation between an imperfect, al~ways agnostic human rationality and a transcendent, non-human religious cer- tainty-a certainty that, to judge by the myriad examples of the Essaic, has a very limited relevance to everyday life in the human Tworld, in which the imperfect ,judgments of subjectivity, predicated on a fallible but inevitably value-laden con- struction of the real, are of much greater import.

### 8 Greatest Modern

However, what differentiates him from the real MackBeth and the other regicidal murderers is, his wife. Newf'ork: Stechert, 1942 Strass, L, eo.

### Shakespeare and Machiavelli

For many Americans, he seems to represent a firm hand on the tiller; clarity and decision. See Pra~; ;;Impbell, 321-26; and Kaab, :30-76.

### How to Understand Machiavellianism: 12 Steps (with Pictures)

A Cognitive Approach to Characterization: Kiatherina in Shakespeare's The Taming of the Shrew. Oh, I have lost my reputation! An age marked by the humanist revival of great classical art and literature is actually pretty appropriate. This post is based on a lecture given by David Hurley to Sekkai O Miru Kai, Hiroshima, 2009.

## **The Psychopathology of Shakespeare's Most Evil Villains**

In 2012 Thiel delivered that explained his views regarding the divine rights of Silicon Valley CEOs. But is racism a visceral by which we understand deeply instinctive superstition? It can be argued that Lady Macbeth's power and wit were a result of characteristics and powerful attributes Shakespeare extracted from Queen Elizabeth and embedded in her persona.
