Is China the New Superpower?

Predatory business practice is another dimension of its economic strategy, he said. After being denied the usual formalities given a British premier, such as a welcome ceremony, formal press conference with the U.

China's Superpower Dreams Are Running Out of Money

Current Chinese President Xi Jinping promised in his book The Governance of China that China will achieve this by 2049.

The New Management Superpower Is Humor. Seriously?

China is simultaneously starting a border skirmish with India, militarizing the South China Sea, cracking down on Hong Kong, pressuring Taiwan, confronting Japan over disputed islands, and quelling internal unrest—all while fighting a resurgent coronavirus outbreak. The implication of this is that modern China will prefer other countries to be more like them, not unlike the emperors of old.

China Rise to Global Superpower Is a Restoration, Not an Ascent

Why China's aggressive rise as a superpower spells bad news for India

Some people still argue that while their economy is doing great, their politics are still not up to par with the world's current superpowers but they forget the fact that a country's politics does not alone dictate their status in the world. Lane Crawford, a multi-brand staple in Hong Kong, is still finding its place in Beijing. It has the highest standard of living in the world, the best welfare system.
