Latest news

Source s : Land and Property Services Northern Ireland Organisation responsible: Department of Finance and Personnel Link to outputs and further information on source: Information on new dwellings Coverage: England Description: Quarterly statistical release with information on the percentage of new dwellings on previously-developed land, in areas of high flood risk, in the Green Belt and on the density of new development. As a result, representation from the NRS and NISRA will be required. This work is in the early stages and no decisions on the use of administrative data have been made.

Latest news

I believe on the contrary that the Inspector's conclusion on that issue, because of its independence and because of the process by which it is arrived at, necessarily becomes the only properly tenable view on the issue of road safety and thus is determinative of the public benefit. The PDR came into effect at the end of August 2020. The Census and Data Collection Transformation Programme CDCTP fully understands the role of the Head of Profession HoP for Statistics in terms of the guidance and support they can provide in implementing the Code of Practice for Statistics.

BAILII

Source s : P2 quarterly house building and information from the National House Building Council NHBC on the volume of building control inspections Organisation responsible: Department for Communities and Local Government Link to outputs and further information on source: Number of non-domestic buildings Coverage: England and Wales Description: This publication provides summary statistics on the floorspace and rateable value of non-domestic properties in England and Wales.

How the Office for National Statistics is ensuring the 2021 Census will serve the public

This work can be carried out on own account or on a fee or contract basis. Access to census results should be improved, with users able to design alternative tables to supplement some published standard tables. Source s : Private finance units of all the government departments and devolved administrations Organisation responsible: Department for Transport Link to outputs and further information on source: please note, this has not

been updated since 18 December 2013 5.

The decision making process

This ensures the methods have been correctly applied and that the statistics are robust and fit for purpose. Those who cannot afford to secure such housing in the market place are deemed to be in housing need. A vacancy occurs when there is time between tenancies.
