Az

During his early student life, Imam Ibn al-Qayyim sought the company of most shaikhs of his period, and he was particularly proficient in interpreting the Hanbali Muslim school of thoughts.

Ibn Qayyim al

Rather, he supported him in everything and was the one who edited his books and spread his teachings. I am sure that he did not sit down and write this book in one or two weeks, but surely it was developed over a long period of time. And when the very first band of Islaam was the best of the generations, and the most pious of them, then their rulers were likewise.

Az

It is recorded that the funeral prayer, attended by many people, was offered at the Umayyad Mosque in Damascus. His reputation for being an uncompromising defender of the Sunnah and of Hanbali theology was well known to the people of Syria.

Short Biography of Ibn al Qayyim al Jawziyya

He was buried at the cemetery of Bab as-Saghir, near the grave of his father - rahimahumallah. . Most scholars of the time have acknowledged the author's excellence, and profound knowledge of Quranic interpretation, commentaries on the prophetic traditions, and theology.

Az

Science section features not just Science but also Nature and Technology. Ibn Jawziyya taught Islamic Jurisprudence at al-Sadriyya school, in Damascus, before he held the position of the Imam of the Jawziyya school for a long period.
