County Donegal Development Plan Comes Into Effect

In any functional democratic society the issues giving rise to this extraordinary percentage of wind farm related cases would be addressed. Judgment was delivered on 1 October 2015, see. It is somewhat ironic that part of the rationale given by the Minister in issuing such directions includes a claim that development plans that include setbacks would be inconsistent with the non-mandatory section 28 guidelines.

. We have no date for hearing to report. Department of Arts, Heritage, Gaeltacht and the Islands 1999.

GLENTIES OUTLINE THE REASONS WHY THEY ARE AGAINST WINDFARM

The Irish Examiner reported on the case. However, it is the detrimental environmental impacts of this project and the significant lack of oversight from and the which are a cause of great concern. The requirement to comply with Article 6 of the Habitats Directive is an explicit objective of the Natural Heritage strategy.

This is a guest post from Peter Crossan. Furthermore the renewable energy export policy and development framework was killed off following the collapsed in 2014 of talks with the UK see and , and the development of the export framework was quietly parked. Indications are that the proposal to weaken protections on Glenveagh will not succeed.
