

Contemporary international politics

published for the United States Armed Forces by Farrar & Rinehart, inc. - International Politics: Theories of International Relations

Key Developments Pre-Westphalia

- Greek city-states (circa 400 B.C.)
 - Classic power politics, diplomacy, economic relations, trade, and military conflict precursor of modern state system
- Roman Empire (50 B.C.-400 A.D.)
 - Larger, centralized political system through imperial expansion; empire united through law and language
- Middle Ages (400-1000)
 - Disintegration of Roman Empire, emergence of feudalism in Europe and rise of Roman Catholic Church
 - Emergence of three major civilizations: Arabic, Byzantine, remains of Holy Roman Empire
- Late Middle Ages (1000-1600)
 - Secular trends undermine decentralization of feudalism, universalism of Christianity in Europe
 - Commercial activity expands, communications and technologies improve
 - Emergence of transnational business community, revival of classicism, and European territorial expansion (principally due to new technologies and economic interests)

Contemporary Politics

Attention is given to the relationships between theory, method and findings by focusing on the need to make systematic empirical observations.

Course Descriptions

Last updated Sunday, June 30, 2013.

Is Realism Relevant in the Contemporary International Politics?

By contrast, the wealthier you are, the more likely you are to benefit from economic or political policies. Hard power is coercive power executed through military threats and economic inducements and based on tangible resources such as the army or economic strength. In this ever escalating global crisis, Lebanon, has been facing what can only be described as unimaginable hardships.

International Politics

Realists consider the principal actors in the international arena to be states, which are concerned with their own security, act in pursuit of their own national interests, and struggle for power. Course tuition fees are indexed annually. Also listed as JOU 277.

International Politics: Enduring Concepts and Contemporary Issues by Robert J. Art

Finally, individuals are also driven by pride and a desire for glory. His History of the Peloponnesian War is in fact neither a work of political philosophy nor a sustained theory of international relations.

Course Descriptions

Rather, they are critical of moralism—abstract moral discourse that does not take into account political realities.
