The Anglocentrism of their approach was not simply the product of national bias — Griffith's research expertise is in the French, not the British, archives.

## Napoleon Series Reviews: Tactics and the Experience of Battle in the Age of Napoleon

The way these three arms combined and interacted on the battlefield constituted the elements of combat and these remained largely similar throughout the period. Attitudes to the enemy are covered in a thoughtful chapter of attitudes and feelings, while there are also useful sections on the close of battles and on what happened afterwards.
