Diccionario japonés!

Prepare to yield before my might! Llavors, conscient que li pot costar la vida, en Zoro ofereix a en Kuma que se l'endugui a ell en lloc d'en Ruffy. El billete que existe actualmente data del año 1623, y lo mejor, es que casi no existen billetes rotos, rayados ni sucios, porque si se rompen o se estropean, lo cambian, por eso siempre estan limpios.

Japones Facil

The principle is the neutron flux captured after passing through the object for visualizing the structure of an object. Els nois decideixen escapar-se del càstig i fugen de casa, agafen materials de la terminal Grisa i es construeixen una base secreta dalt d'un arbre.

Yasutaka Tsutsui

We conclude that the RISA hydrophilicity is caused by chemisorption of the hydroxyl group on the surface. Son casi iguales pero significan cosas casi contrarias. Finalment, l'Aokiji deixa anar en Ruffy i els pirates del barret de palla tornen a navegar lliures a bord del Going Merry.

Conference papers: 'Wataja Risa'

Deixeu-me els negatius a mi! It was concluded that the RISA effect was observed on the film-coated surfaces after gamma-ray irradiation, which is similar to that on an oxide layer of SUS304 surface.
