All double gun models are described in detail as well as the history of the company and the men who founded it. .

TINCANBANDIT's Gunsmithing: Firearm Factory of the Month: Ithaca Gun Company

He went to MoldCraft and met the Marshalls. So much new information is now available that a second edition of The Ithaca Gun Company, from the Beginning is the best method to present it to you. I break it out now and then for my own children, my friends, a loaner gun now as always.

The Ithaca Gun Company (1999 edition)

Double barrels, double triggers, extractors. Let this one go for what it cost us. The Browning Automatic 5, most often Auto-5 or simply A-5, is a recoil-operated semi-automatic shotgun designed by John Browning.

The Ithaca Gun Company (1999 edition)

The Ithaca 37 is a pump-action shotgun made in large numbers for the civilian, military, and police markets. Pages are clean and unmarred, No writing, No highlighting, No marks No underlining, No smudges on any of the pages only a previous owners ame or initials.

Ithaca Gun Company: From the Beginning book by Walter Claude Snyder

It seems awfully expensive on the various bookseller websites, due no doubt to its comparative rarity.
