The seventeenth-century experience in frontier America had revitalized the concept of the militia at large, and had demonstrated the need for private arms as a means of self-defense. There are at least two interesting exceptions to this general rule. Oddly enough, this often-rancorous exchange has long been neglected by those to whom we normally turn for constitutional interpretation: the legal academy and the courts, particularly the U.

Participation was meant to be vigorous. It has been embraced, to varying degrees, by the generally conservative National Rifle Association, by

liberal constitutional scholar Sanford Levinson, and by retired-Army-Colonel-turned-syndicated-columnist Harry Summers.
