Travel through time with 21 women explorers who changed the world

I hope you approve of the ones I went with! The new continent was named America, which is believed to be derived from his first name. As a truly empathetic person, Possuelo can see the big picture. His wife was paid a pension of military widows and his disappearance sparked mystery inspiring numerous books and movies.

Travel through time with 21 women explorers who changed the world

What does Viking even mean? The extent of his travels is genuinely insane check for proof, considering he lived in a time where sailing boats, donkeys, camels, and good old-fashioned walking were the only ways to get around. He also helped map out the areas of New England and Chesapeake Bay. Richard Wever pictured second from the right.

10 Brave Female Explorers Who Changed the World

Many of our trips take you to the very sites of the most dramatic occurrences in polar history, bringing you up close and personal with the achievements of several of the following famous explorers. He travelled the seven-seas, plundering ports for riches and battling pirates at every turn, and furthering British interests as he went.

List of explorers

He discovered the and named 2 volcanoes after his vessels. They explored the western United States beginning in Missouri through the Mississippi to the Pacific coast.
