Dialogue and Dialectics: Socratic

Has Plato changed his mind, then? Entering the realm of confused things, the dialectic divides and separates them so that each receives its own meaning and its own idea. That is because, following ancient testimony, it has become a widely accepted assumption that Laws is one of Plato's last works, and further that this dialogue shares a great many stylistic affinities with a small group of others: Sophist, Statesman, Timaeus, Critias, and Philebus.
