### Major problems facing Botswana today

Gaborone the capital of Botswana contains about 200,000 people. In the plantation sector, private—public partnership extension services are being introduced by organizations dealing with agricultural inputs, developmental agencies as well as farmer-based associations, cooperatives, and societies.

### Agricultural extension and its effects on farm productivity and income: insight from Northern Ghana

Source: His Excellency the former President Festus Gontebanye Mogae established a Business and Economic Advisory Council BEAC in August 2005 to address this challenge. Institutionally, Botswana has elevated the gender mandate from departmental to ministerial level.

### Major problems facing Botswana today

GFRAS

### Documents

. Similarly, participants in the ACDEP agricultural extension programme tend to have larger farm sizes than their non-participants counterparts as supported by the descriptive statistics in Table.

### Agricultural Extension Services

. One of the key components of ACDEP programmes in the field of agriculture is the delivery of agricultural extension services.
