What is the law of the sea?

It also covers dispute settlement, created international bodies to realize specific objectives, and fosters international cooperation to address maritime issues such as safety and environment. This publication provides quick and convenient access to updated information on the status of national legislation concerning maritime zones around the world. As stated in the preamble of the Convention, one of its objectives is to develop the principles embodied in General Assembly resolution 2749 XXV of 17 December 1970, in which the Assembly declared that the area of the seabed and ocean floor and the subsoil thereof, beyond the limits of national jurisdiction, are the common heritage of mankind.
