**9 times the world was at the brink of nuclear war — and pulled back**

We lost any interest in abolishing them or even in the pretense that this would be a good thing.

**Donald Trump to Withdraw U.S. from Nuclear Weapons Treaty**

Now the biggest nuclear powers appear ready to plunge back into the strategic chaos that prevailed in the early 1960s, before the Cuban missile crisis focused the minds of terrified U. The atomic bomb and the origins of the Cold War The nuclear age began before the Cold War.

**Under Trump, America's nuclear weapons industry has boomed**

This is going to be quite a show.

**Charles Richard, U.S. Strategic Command chief: Nuclear war with China or Russia 'real possibility'**

During the Cold War, vulnerability to the Bomb was expressed by nuclear arms control. President Donald Trump revealed Saturday the United States intends to withdraw from a 31-year-old nuclear weapons agreement with Russia, delivering a severe blow to the arms control regime that helped preserve peace since the Cold War.

**Nuclear arms control: What happens when US and Russia let it lapse?**

The latter, already a thick-walled concrete shell as big as five city blocks, is slated to begin machining the cores later this decade. But the Interim Agreement said nothing about MIRVs.

**Donald Trump to Withdraw U.S. from Nuclear Weapons Treaty**

To the contrary, the often bellicose rhetoric emanating from Washington, the suggestion that a nuclear war could be fought and won in Europe, the build-up of our nuclear arsenal were developments deeply unnerving to public opinion and inspired the creation of a nuclear freeze movement that brought out half a million people in Central Park in the early 1980s. Soviet and United States build up of nuclear weapons Author unknown The Nuclear Bomb The United States was the first to develop through the Manhattan Project during World War II.
