## Resources for Starting and Maintaining a Church Library

This will help avoid attributing the date of an earlier building on the site to the later one that replaced it. It will also show alternate numbers used by libraries. Check maps and lot numbers to be sure you are dealing with the same building, even if the house number changes.

## WebDewey user guide

Know the ten general areas of content. Look up names found on maps, abstract of title, etc. This article has been viewed 61,856 times.

## Home Page

Beware of changes in street names and house numbers! Just arrange books on the shelves in a logical order.

## Historic Building Research Guide

The entire Library of Congress Subject Headings list is many volumes in print form. Ask about a hosted option, meaning the software runs on a computer at the vendor site, not on a server in your library, and you use the software over the internet. Record sources for each part of the information.
