## Frontiers

I proudly displayed this on my nightstand for him to see.

## Frontiers

Journal of Personality and Social Psychology, 37 1713—1722. . At a I do love to go sit at the bookstore downtown during lunch, grabbing a bite at Lizard's.

## Lie detection across cultures

At that point a good interviewer will wait and watch creating a natural looking but pause so that the interviewee can be observed to see if there are any cathartic exhales, pacifying behaviors, wiggling in the chair, or heaving of the chest. Also many of the questions are already known by the interviewee and worse, how they will be asked, which takes away from a more authentic forensic process. Response to compatriots and foreigners who seek assistance.

## The Liar's 'Tell'

The second phase of smiling begins sometime between the fifth week and fourth month. Moreover, some liars are so good that they show no indicators at all.

## Opportunities to Detect Deception in a Forensic Setting

Onset and offset times of each expression were also denoted, allowing for computation of expression durations.
