**Boekwinkeltjes.nl**

If the reader is spending all of her time trying to figure out what an author is saying, rather than absorbing the story the author is trying to tell, she's wasting her time. Guido de Columnis, an Italian author, repeated this approach towards the end of the 13th c. The usual way is to add an extra space between paragraphs if it's a major change -- say, a lot of time has passed, or you're switching to a character who wasn't in the last scene -- add space and a visible divider of some sort, like asterisks or lines.

**List of unusual words beginning with C**

Stearns and thirty prominent historians have combined their expertise over the past ten years to perfect this comprehensive chronology of more than 20,000 entries that span the millennia from prehistoric times to the year 2000.

But as so often with the usages of the lascars, it also has the oddly poetical connotation of being cast adrift upon the waves. A chrestomathy of vulgar latin. Palamedes became a more popular hero in classical antiquity.

**From Odysseus & Troy to Alexander the Great. Greco**

I remember having always heard the word spoken by lascars who were looking down from the bowsprit. Am often seen to fall.

**On the Old French subjunctive**

What matters most is how the word is understood by the linguistic community within which the usage occurred. Sources presented here have been supplied by the respective publishers. There is an and some lessons.

**Vulgar Latin**

To me, the importance is obvious; to others, the lack of importance is obvious.
