## Language Objectives: The Key to Effective Content Area Instruction for English Learners

It can be intentional or not. This will contribute to the mismatch between what the curriculum aims to achieve and what actually happens inside the classroom.

## Strategies for Teaching Social Skills in the School Environment

It is important to provide all screening and assessment in both of their languages.

## Role of teacher in curriculum implementation

Video: Collaborating to support an ELL with special needs Closing Thoughts There is a lot of information here, but remember that it's ok to start with small steps.

## Top 10 Things Every Teacher Needs in the Classroom

English language learners typically need practice in decoding, vocabulary, and early reading skills.

## Edutopia

Acting on insight from the interaction between students and teachers during instruction reflects assessment for learning.

## Top 10 Things Every Teacher Needs in the Classroom

When should I share language objectives with students? Shell understand that the characteristics of good teaching for English learners does not change in a virtual environment, they do understand that instruction will necessarily need to look different in order to account for the challenges that

distance learning presents for many learners. As the leader, reserve your feedback until others have spoken. For instance, I consider myself good at speaking and pronunciation, but writing is an area where I need extra help.
