### From farm to cup: The Life of a Coffee Bean — Project Waterfall

There are so many organizations out there having to scramble to cope. That, in turn, can affect the chain, from microbial organisms that feed birds and animals to fish that feed humans.

### The 8 Erikson Stages of Psychosocial Development

By learning to plan and achieve goals while interacting with others, preschool children can master this task. James and Gilliland 2008 developed a six-step model for crisis intervention.

### Why Watersheds Matter

Ask: How many hours will it take? Paradoxically, many of the communities that grow coffee are facing a water crisis.

### Kenneth Pomeranz, The Great Himalayan Watershed, NLR 58, July

Nearly half 46% of nonprofits say limitation in their tech restricted their ability to respond to the pandemic. In consulting and advertising, Meredith served clients across a wide variety of industries and functions, including growth strategy, capability building, operations, organizational design, branding and marketing.
