Code of Best Practices in Fair Use for Media Literacy Education

As an important first step in reclaiming their fair use rights, educators should employ this document to inform their own practices in the classroom and beyond.

Declining by degrees (2005)

From time to time, the school is also a venue for entertainment, as when a film is screened to reward the class.

As a result, fair use is more important today than ever before. An aggressive tone does not necessarily mean that the claims are legitimate or that a lawsuit will be filed. .

Understanding Student Experiences of Higher Education: Bloomsbury Publishing (US)

However, fair use may apply when it is necessary to show the entire film to meet the teaching need. If educators or learners want to share their work only with a class or another defined, closed group they are in a favorable position. Often this may mean using a small portion, clip or excerpt,

rather than an entire work, although sometimes it may be permissible to use more—or even all.
