Los militantes conservadores y liberales regresaron a sus partidos de origen y los anapistas puros y simples le fueron restando su apoyo político y electoral. Both books are still in print from the , and some editions include as an appendix a speech at a event honoring Friedman in which made this statement: Let me end my talk by abusing slightly my status as an official representative of the Federal Reserve. I'm much more interested in having people thinking about the ideas, rather than the person.

### » Cafetería

He is not involved in any sorts of controversies and in addition, there are no rumors about his personal and professional life. He supported US involvement in the Second World War and initially supported a hard-line against Communism, but moderated over time.
