## Environmental Impact of Organic Agriculture

Les vols de boeufs dans le sud malgache.

## New Agriculturist: Country profile

The latest measures were to remain in force until the end of 2010.

## Agriculture in Developing Countries: Which Way Forward?

This is not to recommend countries to close up, but to acknowledge that big bang liberalization has caused much damage for the most vulnerable sectors, and that developing countries, with a host of different development needs, should have the flexibility to carefully time and structure their own integration with the world economy.

## Forests, Land Use, and Challenges to Climate Stability and Food Security

But whilst returns may prove fruitful, expensive inputs are required to grow these crops to the standards required for export.

## Ecological degradation in the production of food and export crops in... (1995)

In many cases a much smaller footprint. In addition, maize is one of the major drivers of deforestation in southern Madagascar Réau 2002, Minten et al.

## Food security for Africa: an urgent global challenge

While economic growth has been rather high over the past few years 6.

### **Environmental Impact of Organic Agriculture**

The sum of all gases in their CO<sub>2</sub>eq form provide a measure of total greenhouse gas emissions.
