## Tribology conferences, symposia, seminars, courses

The Conference was held in Galati, ROMANIA at the Natural Sciences Museum Complex, September 22 — 24, 2016. The authors of the accepted papers have been invited to present their work in the Conference and we are pleased to welcome 110 participants from 9 countries, presenting 69 papers. Organising Committee Galati, September, 2016 Export citation and abstract.

## Tribology conferences, symposia, seminars, courses

### 13th International Conference on Tribology

The Conference program is enriched significantly by plenary presentations of renowned experts in their respective domains: Distinguished Professor. Papers presented at ROTRIB 2016 are included in the following topics: Friction and Wear Tribocorrosion Contact Mechanics Tribology of machine elements Micro and nanotribology Tribology in manufacturing processes Lubrication Surface metrology, surface

engineering, coatings Lubricants Condition monitoring These topics were discussed in sessions and two satellite symposia, VAREHD 2016 and DIPRE 2016.

### **13th International Conference on Tribology**

The exchange of ideas, theories, developments, innovations, improved methods and future trends was a key goal of this conference, by bringing together specialists from industry and academia, leading and young researchers, from various engineering and science fields. We also hope that all participants have had a pleasant and fruitful time in Galati, on the banks of the Danube River. Last but not least, we would like to thank to the members of the Organizing Committee for their technical and non-technical support.
