### Sengo Katana

These three blacksmiths represents the « Bungi trio » which takes place the first place to the direction that will take the Japanese sword between other influences Sengoku to the Muromachi period. Some ancient texts speak of 1362-1368 for the first generation, other 1429-1444, but it is commonly accepted that this production begins in 1501, simply because this date is the oldest found on a blade signed and dated Muramasa. Iya emang begini konsep anime ini, komedi.
