observations of peasant everyday-life into their works.

Comparing the Tsarist Russian and Soviet Empires

The new Soviet regime began the struggle to build a society free of oppression and inequality. Initially, however, it remained mostly intentions, but they began to organize the convening of a conference for female workers. As somebody has already mentioned, education, health and women's roles were improved greatly under the Communists.

Women before, during and after the Russian Revolution

Russia, in many measures the poorest nation in Europe at the time of the Bolshevik Revolution, now industrialized at a phenomenal rate, far surpassing Germany's pace of industrialization in the 19th century and Japan's earlier in the 20th century. Scrapping the socialist and state-ownership of property of the socialist era, new leaders, led by President who first became in 2000 , took political and economic power after 2000 and engaged in an assertive. .
