## The Adventure Continues Chapter 9: Oliver the Western Engine, a thomas the tank engine fanfic

Ruffey for last, who tells the trucks to hold back.

## Steam Workshop::Oliver The Small Great Western Engine

Later Toad told Oliver that he saw a whale and he did not believe him at first until he saw the whale for himself. Duck is assigned to run the branchline running up to the Arlesdale Railway, and he is so proud of this that Donald gets tired off his boasting and jokes with quacking and states that Duck must have laid an egg. If Oliver gets uppish, we'll set Messrs.

### Oliver

He and his brakevan were saved from scrap by , and both work on Sodor. They, of course, don't know the trouble we've had with Oliver. After Oliver is mended, the trucks, led by a wagon named S.

### Oliver

As for Bulgy, he is turned into a hen-house where his lies can do no harm. They had many narrow escapes and the journey took longer than planned. All orders are dispatched as swiftly as possible! However, we still have a few loose ends to tie up in the next book, about three little engines from a long-forgotten railway.

### Oliver the Western Engine

After his rescue, he was painted in NWR unlined apple green with the 1934 GWR crest painted on the sides of his tanks and his number 11 painted on the sides of his cab in yellow.
