**Chemical Institute of Canada [WorldCat Identities]**

For those who don't find what I write attractive to their taste, as I say, the above will give you a simple handle to avoid as you travel the net.

**Buick Roadmaster**

I did not have to deal with the problems of alcohol and drugs; life was difficult enough without such substance abuse problems to exacerbate quotidian reality; my life would have been insufferable had it been plagued by such excesses in addition to the tests and difficulties of several mental health issues of which bi-polar I disorder was the central problem. There was no need to tell that story of the growth and development of this new world Faith, for that is done elsewhere in great detail. Using this definition, researchers can recognize narrating by attending to what an expressive act accomplishes, and know the reasons why they are studying narrating, to understand the hows and whys of meaning making.

**Shannon Stahl Is the Winner of the 2020 ACS Catalysis Lectureship**

I have also become more conscious, as I have come out as it is said colloquially, of how this lengthy personal statement has come to be of great

help to many, especially at the more than 100 mental health sites on the internet where I place all or parts of this document.
