The company paid out dividends to the shareholders, including the Steinberg family members as major shareholders, and paid Saul Steinberg large sums in compensation. Saul Steinberg was a Romanian cartoonist and illustrator best known for his iconic contributions to *The New Yorker* magazine. The Italian racial laws also ordered the expulsion of foreign born Jews, giving university students an exception until they completed their degrees.

### Jonathan Steinberg: 5 Fast Facts You Need to Know

He was best known for his unsuccessful attempts to take over in 1969 and in 1984. He started a computer leasing company Leasco , which he used in an audacious and successful takeover of the much larger in 1968. Steinberg worked primarily in pen and ink in his early years, then explored collage, watercolor, oil paint, and wood sculpture, and frequently used rubber stamps and collected ephemera.

### Along the Lines: Selected Drawings by Saul Steinberg

Steinberg was represented in France by Galerie Maeght which gave him a wide international audience.

### Logo

Steinberg had one older sister, Lica Roman née Steinberg , born a year earlier. His work also addressed philosophical questions, still lifes, Hollywood, and identity through masks.
