Les voyages et observations du Sieur de La Boullaye

La Boullaye describes the routes he takes, the cities he visits and the people he meets along the way, with frequent observations on religion, natural history and commerce. When he returned to Italy in 1650, Federico had died so La Boullaye met with his relative, Cardinal and dedicated the first printed edition of his work to the Cardinal. Chagrin brun, triple filet doré encadrant les plats, dos à nerfs richement orné, coupes décorées, roulette intérieure dorée, tranches dorées.
