### Simple Pure White Background Setup for Beauty Portraiture

However if I take this setup outside, a with only the interior diffuser or a parabolic umbrella will replace the beauty dish. Is this a setup that you also often use on your shoots? The words of this hymn appeared in Lyrica Eucharistica, The Hymnal Noted second edition, 1864.

### Discipleship Ministries

Michael Hawn is University Distinguished Professor of Church Music, Perkins School of Theology, SMU. Beauty photography is something that I have become drawn to over time.

Pierpoint was the author of several poetry collections, including The Chalice of Nature and Other Poems 1855 , Songs of Love, the Chalice of Nature, and Lyra Jesu 2nd Edition, 1858. I personally also like to use a bigger softbox as my main light to get a softer look.

### Discipleship Ministries

Michael Hawn For the beauty of the earth, For the glory of the skies, For the love which from our birth, Over and around us lies; Lord of all, to thee we raise This our hymn of grateful praise. The most important thing is to understand how it works. Pierpoint, writing for the Eucharist, expands the discussion beyond the natural created order to humanity, the church, and, in the original, the martyrs, prophets, and the incarnation.

### Simple Pure White Background Setup for Beauty Portraiture

As a eucharistic hymn in its original form, this theology is continued.

If you do not have a big enough softbox or umbrella for the background, a simple strobe at full power on a wall usually also does the trick.

## **Discipleship Ministries**

Here is a sample picture from a recent shoot I did using my signature setup: The setup consists of pure white background with a beauty dish or an octa as the main light. On the contrary, you can have a harsher look using a hard light as your main light. Echaroux works with Elinchrom and so do I, which made it even easier to understand and recreate his signature style.

Customizing the Setup What makes this setup so awesome is that it is really easy to setup, requires minimum gear, and can be done anywhere. I mount a on it.
